CID#: 207907

## EXECUTIVE CANDIDATE PROFILE

*This experienced executive-level leader has led teams in delivering a range of engineering, construction, maintenance, and advisory services through discrete major projects and infrastructure programs with a capital value of up to \$2.5B for 20+ years.*

*They are an exciting candidate that thrives in a varied and challenging environment. They have a proven ability to adapt across different end markets: Energy, Transportation, Mining, Defence, and Industrial. They are a results-orientated people leader that always strives for excellence and has held full P&L accountability for a \$300M+ p.a. professional services business supporting public and private clients. Their focus is on building trust within a team and inspiring individuals to achieve their best. Mentorship and leading teams towards company and individual success have been highly motivating aspects for them.*

*The opportunity to assist a struggling business into recover or pivoting a business into a new market would be particularly intriguing. Of interest would also be the opportunity to grow a business into either new services or new geography, as well as the possibility for an ownership opportunity either as a Partner or equity holder.*

## Recognition / Achievements

- **Operational Excellence:** As an executive leader within the National Operations team, providing strategic and operational support to all WSP business lines in Canada (\$1.1B p.a. & 8,000 staff).
- **Strategic Initiatives:** Production Through Technology, Integrated Complementary Resource Centre (iCRC) based in India, and Information Management.
- **Operational Functions:** Quality, Fleet Management, Strategic Resource Management, and Enterprise Project Management Office
- **Project Governance:** Executive roles on major infrastructure projects, including Project Sponsor for the Site C Workers Accommodation Project for ATCO, and Engineering JV board member for both the Ottawa LRT Phase 1 and the Confederation Line Extension.
